Index: January-December

FEATURES INDEX

Title, Author	Month, Page
Alternating current problems on pipelines *C. A. Royce*	Feb. 39
Anode Renewal program *B. Husock*	Aug. 52
Automatic control in the USSR *Norman Precoda*	Sept. 43
Automation at Public Service of Colorado *GAS Staff*	July 47
Automation at Colorado Springs Utilities *GAS Staff*	Aug. 50
Brunei LNG plant opened with ceremonies *GAS Staff*	May 57
Buckling and offshore pipelines *R. E. Mesloh, J. E. Sorenson and T. J. Atterbury*	July 40
Cascade Natural builds propane-air facility *E. Niederer, Jr.*	April 45
CGT seeds R-O-W for wildlife feed *GAS Staff*	Jan. 38
Changes in the Soviet gas industry	March 54
Changing picture of oil supply *Stephen A. Wakefield*	Nov. 42
Columbia Gas retails propane as NGS *GAS Staff*	Aug. 47
Computer, ODR speed input, reduce costs *D. E. Young*	June 43
Control of unaccounted-for gas *David A. Crawford*	May 33
Con Ed uses insertion technique *Frank J. Ayers*	Sept. 28
DAS aids Algonquin Gas operations *Hal Springborn*	April 35
Design and testing of riser inserts *Tom E. Temen and Tom Emani*	Oct. 58
Evaluating corrosion activity on bare pipelines *B. Husock*	Nov. 54
An evaluation of gas forecasting techniques *Carroll V. Kroeger*	Feb. 26
First U.S. commercial SNG plant in operation *Hal Springborn*	Aug. 41
Gas Industry in Algeria *Harry F. Lippitt, 2nd*	Oct. 48
Gas processing round-up *Ken Kridner*	Nov. 48
Gas reforming at Marysville	Dec. 26
Gas regulating station handles wide load swings *Ray Fouts*	Jan. 41
Gas reserves loom large in Siberia *Gleb Spiridonov*	Aug. 68
Gas system of the USSR *Vladimir Dmitriev*	April 51
Growing acceptance of automatic control *Ken Kridner*	April 40
Hydrogen as a fuel source *J. F. Geick*	Feb. 46
Index – 1973	Dec. 37
Industry leaders look at plastic pipe usage *Ken Kridner*	March 34
In-look to the gas industry *Hal Springborn*	Oct. 30
Instant gas meter data *Ed Hutchinson*	Nov. 50
Iroquois Gas patrols system for integrity *Walter C. Van Buren*	Sept. 35
LNG as portable gas supply *Stuart Steggall*	Jan. 40
A look at gasification of coal *James R. Garvey*	March 49
A look at refinery cost *Ken Kridner*	Oct. 46
A look at the project for North Slope gas *V. L. Horte*	June 27
Looking downward with radar *Howard M. Anderson*	May 49
Measure it once . . . and bill *Ken Kridner*	Sept. 56
Measurement with multiple supply sources *L. J. Kemp*	June 63
Missouri company uses special fittings *Kenneth A. Craig*	Dec. 30
Natural gas on the international scene *Barry Hunsaker*	Jan. 32
New techniques for flammable gas detection *Elliott M. Nesvig*	April 57
1972 Energy Awards recognize achievement *Ken Kridner*	Jan. 36
1973 Energy Awards	Dec. 25
Noise control at the meter station *Douglas Schumacher*	Jan. 29
Northeast faced with propane shortage *Hal Springborn*	Nov. 32
OSHA – the why, what, who and how *Clinton L. Pendleton*	Feb. 43
Offshore energy reserves offer U. S. hope *David P. Fowler*	Dec. 39
Orange & Rockland converts map graphics *Joseph P. Hanley*	Dec. 22
Penn Gas shows $$$ savings on renewal program *D.J. Seeley and C.L. Donelson*	March 36
Plastic pipe survey reveals upward trend *Ken Kridner*	March 31
Portable pipeline covers maintenance load *William A. Ross*	Aug. 43
Portable system maintains gas service *GAS Staff*	Sept. 46
Power system backup for stable supply	Nov. 36
A primary approach to automatic controllers *E. A. Lommatsch*	
Part 1	Feb. 33
Part 2	March 56
Part 3	April 48
Protection of a distribution system *E. H. Holland*	July 45
Prover checks accuracy of gas meters *Fred Hanker*	April 62
Purging LNG tanks with nitrogen *GAS Staff*	Feb. 48
PVC pipe after 13 years in gas service *Robert C. Wilging*	June 33

Title, Author	Month, Page
Query into Staten Island LNG tank fire continues *David P. Fowler*	Sept. 52
Record $3.4 billion to be spent by gas companies *Ken Kridner*	May 37
Rehabilitating old gas lines *Ken Kridner*	Sept. 38
Remote control in the gas industry Part 1	April 53
Part 2	May 53
Safety and reliability of LNG facilities *Arthur E. Uhl, L. A. Amoroso, and Richard H. Seiter* Part 3	Jan. 43
Part 4	Feb. 36
Service order system helps Boston Gas *John J. Bacon and Dean R. Luxton*	Sept. 47
Sizing up LNG *James P. Lister*	May 61
SNG by the MRG process *D. J. Ward and S. Nojima*	May 67
SNG in the U.S. *GAS Staff*	Aug. 57
SNG in the U.S. energy balance *Henry R. Linden* Part 1	July 29
Part 2	Aug. 65
Static electricity on polyethylene pipe *George Grenier and Robert Caldwell*	March 42
Techniques for sampling LNG and SNG *A. J. Miller*	June 59
Techniques of energy forecasting *Carroll V. Kroeger*	July 36
Telemetry made simple *James A. Simpkins*	Sept. 32
Testing meters with critical flow nozzles *Hilding Beck*	Dec. 28
Time – and the energy crunch *Larry Shomaker* Part 1	Nov. 28
Part 2	Dec. 33
Turnkey gas compressor station	July 52
12 years experience with plastic piping *James V. Lauricella*	July 48
Underground gas storage continues to grow *GAS Staff*	June 58
Update of the LNG facility *R. J. Bolan and S.J. Markbreiter* Part 1	Oct. 37
Part 2	Nov. 38
Use of turbine meters on a transmission system *E. J. Burgin*	Feb. 30
Using ambient-rated compressors *R. L. Pivonka*	May 74
Utilities look to meter rebuilding facility *GAS Staff*	June 38
A visual guide to gas leak classification *Leon C. Berman*	June 49
Where will the propane come from? *D. N. McClanahan*	Oct. 53

COMMENT COLUMNS INDEX

Title, Author	Mo., Page
Communications Corner, *F. Vinton Long*	
Periscoping '73	Jan. 24
Is there a war on spectrum space?	Feb. 20
Ultra-high speed data communications	Mar. 22
Digital transmission helps error control	May 20
Japan testing floating microwave repeater	June 24
Data handling	July 24
PCM is good for gassers	Aug. 30
Little computers for gas work.	Sept. 22
Upcoming offshore communications	Nov. 16
Corrosion Prevention, *Maurice A. Riordan*	
The electrical survey	Jan. 16
Cathodic preservation?	Feb. 16
Inside the pipeline	Mar. 20
Somebody needs to know	April 24
Corrosion engineers meet	May 16
The logic of pipeline corrosion	June 22
Cathodic protection—a blessing in disguise	July 20
Soil resistivity and corrosion rates	Aug. 26
The many faces of corrosion	Sept. 20
Unstable ground bed performance	Oct. 16
The galvanic anode	Nov. 26
Moving off the plateau	Dec. 13
Gassing Game, *GAS Staff*	
API head urges work together	Mar. 26
Formula for a conspiracy???	Oct. 28
Measurement Man's Corner, *Jim Kemp*	
ASME fluid meters sessions	Jan. 18
ASME fluid meters committee	Feb. 14
Spring short courses at hand	Mar. 16
New pulsation measurement equipment	Apr. 20
A look at the new electroscanner	May 14
Measurement short courses	June 20
Distribution conference hits home	July 17
Pulsation in gas measurement	Aug. 22
30-in. orifice meters for custody transfer	Sept. 18
Plus and minus features of subtract meters	Oct. 18
Orifice meter errors are not "additive" Part 1	Nov. 20
Part 2	Dec. 20d
Regulatory/Legislative Trends, *Milford Springer*	
Incentive is working	Jan. 14
Synthetic gas is non-jurisdictional	Feb. 22
FPC studies environment	April 12
Relatively rapid producer rate-making	June 16
Residential gas users come first	July 12
Triple incentives for producers	Aug. 16
Conservation of energy	Sept. 16
Ratemaking progress	Oct. 26
Fair return	Dec. 20a
Thermally Thinking *Ken Kridner*	
EPA carries a big stick	Jan. 58
Tell it as it is	Feb. 2
Nixon 'Energy Message' needed	Mar. 2
Another . . . same size . . . 12 years	April 2
President's message misses target	May 2
Energy issue on the shelf?	June 2
Gas supplies get stickier	July 2
Industry knowledge is important	Aug. 2
A global challenge	Sept. 2
Listen, evaluate, act quickly	Oct. 2
Lawmakers must act rationally	Nov. 2
The Arabs have our attention	Dec. 2
